At Read a Poet, we will study the work and life of the featured poet. At Write a Poem, we will do a writing exercise based in that poet's work.

While Margaret Atwood may be best known for her works of “speculative fiction” such as A Handmaid's Tale, and Alias Grace, her first publications were books of poetry, written with her razor-sharp wit, and sense of irony. Join us as we investigate Atwood’s poetry, and engage in writing exercises inspired by her work.
